Development - Team
Treehouse

I love creating awesome websites! I'm fascinated by technology and passionate about using my technical skills to help people achieve their goals. I love learning and I think it's amazing that as a developer, I'm basically a professional student - dream job!

Gymso Fitness

A commerical website for a fitness facility built using HTML5, CSS3
Includes: AOS - "On Scroll" Animation Library, SVGS, Responsive Table, Google Map, Hamburger Menu, Contact Form
https://github.com/karinapichardo/Gymso-Fitness

Soft Landing Page

Commerical landing page created using HTML5, CSS3 and JavaScript
Utilized: CSS grid, Flex box, AOS scroll animation library, background-attachments, Event Listeners
Learned: how to implement a navigation scroll bar that appears only when the user scrolls down a bit using JavaScript
https://github.com/karinapichardo/soft-landing-page

Level Website

Hotel / Travel Website Built Using HTML5, CSS3, and Javascript
Utilized: background images and videos, flex box, css grid
Learned: how to incorporate SVGS into forms / manipulate them, how to create a hamburger menu using JavaScript, how create an active state for navigation links and scroll effect using JavaScript
https://github.com/karinapichardo/Level-Website

Grid Master Class Site

Website Built using HTML5 and CSS3
Utilized: CSS grid
https://github.com/karinapichardo/Grid-Master-Class
